

QUALITY ASSURANCE

Our reputation is built on the quality of our workmanship, and we are committed to maintaining the highest industry standards. That's why we are members of the New Zealand Master Builders Association. We employ qualified builders to ensure work place excellence and we also manage a robust apprentice training programme.

Our apprentices are trained to the same high standard as our senior builders and will go on to make a positive contribution to the industry.

COMMUNICATION

The success of any building project relies on clear, concise communication and it's our intention to keep you fully informed throughout your project. You will be assigned a dedicated project manager for the duration of your renovation who will meet with you regularly to discuss progress and answer any questions you might have.

TIMELINESS AND BUDGET

Delivering your renovated home back to you on time and within budget is our focus. We employ cutting edge systems and technology to ensure your project is kept on track and you have clarity on each step of the way.

We have strong relationships with our partners, suppliers and sub-contractors, who also share our dedication to timeliness and quality workmanship.

RESPECT FOR OUR CLIENTS AND THEIR HOMES

We treat our client's homes as if they were our own – we will keep our building site tidy throughout the building process and organise a complimentary home clean on completion of your project.

The majority of our business is built on referrals from our clients and we understand how important it is that you enjoy your renovation process.

A handwritten signature in black ink, appearing to read "Nick Brownlee".

If for any reason you are not 100% satisfied with our work – Nick Brownlee, Managing Director of Procuero will personally guarantee to put it right.
